Interesting bookBy Danielle MontgomeryThis book is written from the view point of a zombie, I like that because of this it is a little repetitive because he keeps forgetting. Skeleton Steve and his new friend go on an adventure to find out who this zombie villager is, along the way he starts to learn to keep his memory and not zone out. This book is written well and interesting. I would recommend it to any Minecraft lover. I got a free copy of this book in exchange for an honest unbiased review.0 of 0 people found the following review helpful. Please put my name in this book. My name is Mitchell Adam Keith. My favorite part is when Devdan and Skeleton Steve encounter a Steve but manage to escape from the Steve.

Devdan wasn't your typical teenager.He was a Minecraft villager.And he was a zombie.He spent his days and nights doing zombie stuff.The zombie Devdan couldn't even remember his name anymore, that is, until he was visited by the pet cat he had when he was alive. Now, along with Skeleton Steve's help, Devdan sets out with his long-lost kitty to remember who he is and find his village home. But how will he find the way? And what will he do if he gets there? Will Devdan be destined to roam the Minecraft world as a zombie villager forever?Love Minecraft adventure??Read Book 1 of the Teenage Zombie Villager now!Sign up for Skeleton Steve's Mailing List here:Author's Note: This is an unofficial Minecraft book.
